

So this is a story of a 25 year old boy, who is overflowing with confidence named Ismail. He lives in an underdeveloped area near pehalwan goth. He is the fourth child of his parents to be diagnosed with thalassemia. His elder three siblings have tragically died one by one. Even after experiencing all that he is still hopeful. He maintains his physique and goes to gym on daily basis and as appropriately idolises the boxer Amir khan.

Ismail is the most beloved among all the siblings. Almost his every wish is fulfilled. Initially he wanted to join Pakistan army but could not pursue his passion due to this lifelong disease.

His mom is a house maid and a cook. She is the care taker of Ismail. Due to her low income they can not afford treatment at any private hospital.

Be a ray of hope by donating and sponsoring this bright boy”
